

How do we pray for people and do small groups **VIRTUALLY**

Our need for community is woven into the very fabric of our being. We were created for it!

- Remember we need each other
- We are called to be Pastors which means Shepherds

Online prayer and community is valid.

- But it does not replace in person prayer
- As we get more and high tech we must also get more and more high touch
- It is a both and ...
- Online prayer can bring more anonymity, honesty, and connection

The miracle of prayer is not that we talk, but that God listens.

- The miracle of prayer is in the listening
- It's a dialogue not a monologue
- Don't treat God like a drive thru at a restaurant

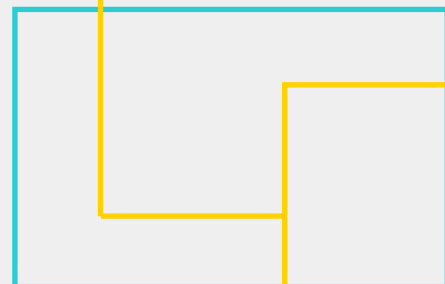

Build in small group experiences where possible

- During messages
- Guided prayer times
- Look for opportunities to help people feel like they're together
- Find a focused and private space for zoom group time
- Make it personal
- Have different people lead and share stories

Find a "thin space."

- The place where the distance between you and God shrinks
- Use the extra margin in this season to find spaces where you uniquely connect with God
- This will help you lead better
